Dear NSW Treasury,

I would like to make an informal GIPA request under the Government Information (Public Access) Act 2009 as it's described in the act which also sets out statutes around proactive disclosure of certain documents.

This is administrative in nature in any case to guide the information I am seeking.

Do you have any statistics about contractor expenditure from previous and current financial years and what type of aggregates and non-aggregates are available?

Is there some type of schema or any document that describes how the statistics are done for contractor expenditure e.g. vs full time employee / hiring expenditure.

Thank you!

Yours faithfully,

MissAnonymous
