Salads

Delivered Daily

Salads are **not an addition** to lunch roll, or dinner. They are **the low fat alternative**.

Some detainees may be on lunch salads, but not dinner salads. All salads are labelled with Name location, and requirements. If you receive a salad in error, please advise us, as that person is missing out in their new location.

Soft packs

Soft packs are only approved by health, are reviewed regularly, or "timed" by health for an end date, depending mainly on Dental work, but not always. Soft packs do not include a lunch roll. **Soft packs are instead of lunch roll** not as well, so **subtract soft pack numbers** from the unit total for the number of rolls required.

Diabetic Packs

Diabetic Packs are no longer issued by catering and are managed by health. Packs with detainee Justice Stickers for the detainee will be in the nurse's box in the units of those requiring them. Health will include a record for when they are issued in line with monitoring the need/use of these packs by the detainee. They will include a juice for quick sugar adjustment, and a Carb (muesli bar)

for lower GI processing of sugar to maintain sugar levels. These are available for access 24hours as required.

Dietary Changes

Dietary changes through D23.F1: Special Diet Request are only approved by Senior Director Detainee services, and may be approved, partially approved, or rejected. These are usually acted on with a few days. Health forms will be approved, as prescribed.

Officers diet sheet.

The morning delivery will include a sheet of dietary requirements for the day (for each unit). This should reduce detainees stating what's required in their unit. This is for the officers, not the dixies, it is your crosscheck.

The ongoing effectiveness of the pest control provided depends on the Customer implementing RPC’s recommended hygiene, housekeeping, stacking and property maintenance procedures. The Customer acknowledges that pest treatment may also be rendered ineffective by disturbing treated areas, building alterations, renovations and introducing untreated or infested materials to the property that encourage pest activity.
- 6. Pest Inspection and Treatment:** All pest inspections undertaken as part of the Service will be based upon a visual inspection only limited to those areas and sections of the premises fully accessible and visible to the technician at the time and on the day of the inspection. - 10. Damage to Utilities:** If delivery of the Service requires drilling or cutting any materials, the Customer will be responsible for identifying the location of all utility services to the property including water and drainage pipes, electrical and telephone cables, gas pipes etc. RPC will exercise due care in performing any drilling or cutting but the Customer will be liable for any damage caused by penetration to any such services unless caused by the negligence of RPC.
- 11. Reliance on Service and Report:** All reports provided by RPC in relation to the Service are provided solely for the benefit of the Customer named in the report. Neither this agreement nor any report may be assigned by the Customer to another person or relied upon by any other person without the prior written approval of RPC that may be given conditionally or withheld.
- 12. Indemnity:** To the extent permitted by law, the Customer will indemnify RPC and its Personnel against all actions, claims, proceedings or costs (including legal costs on a full indemnity basis) which RPC may incur as a result of any reliance placed on the content of a service or inspection report by any person other than the Customer who obtained the report from the Customer without the written approval of RPC, except to the extent any loss or damage is caused by RPC or its Personnel.
- 13. Force Majeure:** RPC shall not be responsible for failure to meet any obligation if the failure results directly or indirectly from a cause beyond its control.

- 15. Debt Collection:** The Customer indemnifies RPC for all expenses incurred in relation to the recovery of debts owed by the Customer.

Where the Customer is provided with credit, the Customer authorises RPC to do any of the following to assess the Customer's application for credit under this agreement and, if the application is successful, to manage the credit account until the credit account is repaid in full and closed:

- a. obtain credit reports in respect of the Customer and its related entities from credit-reporting agencies;

18. Limited Liability:

- a. If the Customer is a consumer under the Australian Consumer Law in the *Competition and Consumer Act 2010* (Cth) (**ACL**), the Customer has certain statutory rights. Nothing in this agreement excludes, restricts or modifies those rights, or any other statutory rights that the Customer has.
- b. If the Customer is a consumer under the ACL and the goods and/or services supplied under this agreement are not of a kind ordinarily acquired for personal, domestic or household use or consumption, then RPC's liability for failure to comply with a consumer guarantee under the Australian Consumer Law (other than a guarantee under section 51, 52 or 53) is limited to one or more of the following, at RPC's election:
