

## FOI 23/24-1189

Scope	The Technical Advisory Branch compiles research on particular topics. I am requesting a complete list of all TAB "research" document titles. Known examples include:
	— "Research - Ehlers Danlos Syndrome" (released under FOI 21/22-1232)
	— "Research - Orthostatic Hypotension Causing Syncope and Hemiplegic Migraines" (released under FOI 23/24-0467)
	— "Research Request - Postural Orthostatic Tachycardia Syndrome" (released under FOI 23/24-0467)
	— "Research Paper - Myalgic encephalomyelitis / Chronic fatigue syndrome" (released under FOI 23/24-1015)

## Response

Multiple chemical sensitivity		
Thalidomide		
GPS Tracking Devices		
Facilitated Communication		
National Epidermolysis Bullosa Dressing Scheme		
Applied Behavioural Analysis		
Autism Spectrum Disorder - stocktake		
Stoma Appliance Scheme and CAPS		
NDSS		
Cost comparison of Computer and Fitness products		
Bowel care consumables		
Functional Seizures		
Locating OT assessment resources for TAB/AAT case		
Research nursing scope of practice and competencies		
Definition early intervention		
Splinting, Botox and serial casting		
Seizure monitoring devices		
Government PBS safety net considerations		
Respiratory supports research for practice guide development		
Contact centre guidelines		
Unilateral Hearing Loss		
Group Based Pain Management Programs		
Neurofeedback therapy		
Mollii Suit		
Research into portable suction machines and respiratory supports		
Research into acoustic shock and management to accompany the call centre information		
Care/Supervision hours for a 3.5 yr. old and 2 yr. old.		
Air Conditioning		
PowerWheelchairs		

Power subsidy schemes
Expected abilities and challenges for children under 5
Obesity
Chiropractor
Down Syndrome and Sleep Apnoea
Massage and Lymphodema
Electroconvulsive therapy
NDIS Providers Canberra
TAB/AAT Summaries
Duchenne Muscular Dystrophy
Prosthetics interim versus definitive paper
Multiple Chemical Sensitivity
Epilepsy and seizure monitoring - take 2
Functional Neurological Disorder (Conversion Disorder) and Complex Regional Pain Syndrome
Bendigo Participant: TAB/AAT Matter Research
Palliative care NPC paper
Weight Management Interventions
Thermoregulation Dysfunction and Seizures
Medicinal Cannabis
TAB/AAT Hearing Preparation
Oedema and Lymphoedema best practice
Air Conditioning Maintenance Costs
Cystic Fibrosis in Children
Eating Disorder Program (Exercise Physiology, Bulimia and Anorexia Nervosa)
Medicare Benefits Schedule (Eating Disorders)
Seizure device costs and response dog accuracy
Fire egress requriements by state
FES Devices - Costs and Evidence
Power Wheelchair with standing feature
Therapy and Sensory items (Weighted/autism focused)
Feeding program for Avoidant Restrictive Food Intake disorder
Rehabilitation Training Machines
Rehabilitation Training Machines
Phrenic nerve pacing
Customised visual alert system for hearing loss
Lyme Disease
Sexual activity supports
Cold Laser Therapy (Low Level Laser Therapy)
Learner driver in Australia
repetitive transcranial magnetic stimulation
Portable Neurmodulation Stimulation Device
Telehealth - Effective Outcomes for the delivery of Speech Pathology
Medical Definitions
Zlotogora-Ogur Syndrome and funding for natural therapies and supplements
King size matress and bed frame cost
Partners in Recovery Program

Early intervention for agoraphobia, anxiety or schizoaffective disorder

Availability of pools and exercise programs in the community

Chemical sensitivity/evidence of decreased testosterone production due to prolonged exposure to chlorine

Alternative swimming solutions for non-toxic (chlorine free)

Self-reported functional capacity, perceived disability and actual functional performance

Persistant Postural Perception Disorder

Russell Silver Syndrome

Paediatric Autoimmune Neuropsychiatric Disorders Associated with Streptococcal infections

Treatment of Advanced Osteo-arthritis, Spinal Stenosis and Functional Neurological Disorder Climbing Therapy for Cerebral Palsy

Treatment for Hyperacusis in children with Autism Spectrum Disorder

**Prosthetic Eyes** 

Antley-Bixler Syndrome & Persistent Depressive Disorder

Speech discrimination, signal-to-noise-ratio outcomes for those with hearing loss compared to normal hearing

**Congestive Heart Failure** 

Postural Orthostatic Tachycardia Syndrome

Orthostatic Hypotension Causing Syncope & Hemiplegic Migraines

Audio description TV

Childhood speech apraxia

Recreational Supports - Barriers to Participation (Prople with a disability VS People without a disability)

Trends in >65 remaining in the Scheme

NAPA therapy

Recreational Supports - Off Road Cycles

Charcot orthotic restraint walker (CROW)

MeRT Therapy

Arthogryposis Multiplex Congenita

Facilitated Communication update

Gemiini Program

**SDA Vacancies Search** 

Prosthetic eyes positon paper

Learning supports in public and catholic education system

Carrot Car Seat

Integrated Listening Systems

Matrix of entities responsible for authorisation of RRP

FM systems for central auditory processing disorders in children with autism

Induction cook tops

Treatments to remedy • Osteoarthritis

- Osteoporosis
- Degenerative Lumbar Disc Disease
- Deep Vein Thrombosis / Pulmonary Embolism
- Chronic Anxiety
- Depression

• Bursitis

Lifespan of communication devices

Sourcing Courtesy Bus Timetables (Historic TAB/AAT Matter)

Evidence Based Treatments for Osteoarthritis (OA)

Evidence Based Treatments for Osteoporosis

Evidence Based Treatments for Degenerative Lumbar Disc Disease

Evidence Based Treatments for Deep Vein Thrombosis / Pulmonary Embolism

Evidence Based Treatments for Chronic Anxiety (not early intervention)

Evidence Based Treatments for Bursitis

Single draw dishwashers and side opening ovens

Auslan as a communication method for non hearing impaired children

Auslan as a communication method for adults with acquired hearing loss

Treatment of Somatic Symptom Disorder

Treatment of Chronic Migraine

Play and Climbing Equipment including Trampolines (Residential and Community): Types, Safety, Restrictions, Lifespan, Price Range, Maintenance, Purchase Accessibility, Ownership Statistics and Community Playgrounds

Determining personal care hours for a range of tasks

Play and Climbing Equipment: Evidence of efficacy as an intervention

Omeo powered mobility device

Neuro feedback for ADHD

Alternative funding options for medicines not PBS approved

Infrared Saunas: Efficacy in treatment of Scleroderma and/or Raynaud's

Models of practice for ending involvement of therapy animals in therapy programs

List of rapidly progressing conditions

Insulin Pumps

Adverse effects of bidet use

Out of warranty AT replacement

Computer based interactive cognitive training

Acupuncture for treatment of Mitochondrial Encephalopathy Lactic Acidosis Stroke-like Episodes (MELAS)

Massage Therapy for Multiple Sclerosis

Factors effecting plan budget

E-cycles

Vehicle purchases

Services available in area for TAB/AAT Applicant seeking Access to NDIS – does not meet criteria

Cost of meal preparation and delivery

Metronome Therapy

Adaptive Behaviour Assessment System

Speech Processor Service Life

**Boat Modifications** 

Ehler's Danlos disease

Cost effectiveness in the long term for children to use external powered (myoelectric) compared to body-powered prostheses?

Evidence Based Treatments for Depression

**Therapy Best Practice** 

Best practice in the management of posture for a person with a physical/neurological disability

Dialectical Behavioural Therapy

Length of High Intensity Intervention for ABI, SCI and Amputees

Correlation between weight loss and pain, and contraindications of bariatric surgery
Benefits of foot orthotics for ASD
Brain Training for ASD
Lupus Treatments
Guillain Barre Syndrome
Exposure therapy for PTSD
Benefits of rotating/powered turning bed features
Specialist wheelchair features and seating systems
Safety of front versus second or third row conversion
Ratios of direct support
Power outages in Blacktown NSW
Effectiveness of microprocessor prosthetic knees compared to mechanical knee prostheses
Selective dorsal rhizotomy for children with Cerebral Palsy
The role of community palliative care
ASD diagnoses
Hearing Impairment
MMORPGs
Parental responsibility for teenage parents
Later life diagnoses of ASD and developmental delay
Secondary seating systems
CPAP funding, use and management
Critical analysis of research regarding intensive therapy for CP
National Epidermolysis Bullosa Dressing Scheme
Stoma Appliance Scheme and Continence Aids Payment Scheme
Mollii Suit
Bariatric wheelchair transport
Smoke alarm regulations by Australian state
Effectiveness of standard and specialised smoke alarms to wake children and adults
Virtual Reality as a support tool
Restrictive Practice - NDIS State Based Information
Common home automations
Accreditation of assistance animals trainers
Assistance animal therapy and assistance animals
Mainstream education disability supports by state
Abdominal laser therapy for Parkinson's Disease
Long term impact of prenatal exposure to methamphetamine
Guillain-Barre syndrome diagnosis in children
Arrowsmith Program
The scope of Applied Behaviour Analysis
Entry level sports power wheelchair
New daily persistent headache
Corticobasal syndrome
Delayed sleep phase disorder
Long Covid
Physiotherapy for young adult with mitochondrial disease
Restless legs syndrome and multiple sclerosis

	Regulations, rules and standards for imported modified vehicles

Efficacy of Transcranial Magnetic Stimulation on functional outcomes for people with psychosocial
conditions
Effect of manual therapy on neuromusculoskeletal function
Melillo method
Sexualised behaviours of concern
Exercise physiology and brain injury
Weather and bipolar disorder
Arm cycle ergometer for spinal cord injury
Osteopathy
Manual therapy to address neuromusculoskeletal function
Signal-to-noise ratio loss for different models of hearing aid
Chiropractic
Rapid Prompting Method
Communities of practice
Stakeholder typologies
Project management and quality tools
Residential aged care service users
Facilitated Communication
Psychometric properties and scoring criteria for ABAS 3rd Edition
Culturally safe disability support for Shona people
Evaluation of CANS, ABAS-3 and LSP-16 outcome measures
Air conditioning and thermoregulation
Reducing ABA over time
Multiple Chemical Sensitivity
Translation technology
Autistic burnout
Air conditioning and thermoregulation
Myalgic encephalomyelitis - Chronic fatigue syndrome
Auslan and other interpreting services
Exercise and physiotherapy for progressive conditions
Direct and group support in schools
Administering medication in Australia
Benefits of sexual activity in women
Improving upper limb function after spinal cord injury
