Hi s47F

We continue to discuss potential freight operators. At this time we have no finalised plans, so cannot give any info on who may or may not operate into the future.

Regards

Hi s47F

As you know, consultation has started on the proposed flight path designs. s47F is currently in Hobart undertaking the consultations. Fiona asked if you have time to respond to the following questions from the community regarding possible increase in freight activities in the coming years associated with new contracts.

'Will these flights be 24/7, including night time?'
'Who will be operating these flights?'

Regards

s47F
