██████████ and ██████████ (NHMRC) [SEC=OFFICIAL]

Hi ██████████

That would be terrific. I can do Thursday or Friday afternoon this week after 3pm.

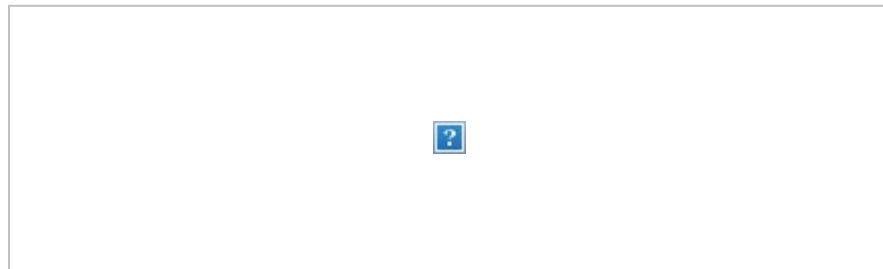

Many thanks

Hi ██████████

Apologies for taking so long to get back to you.

Would you be available for a call this week. I generally have availability after 3pm?

Regards

Hi [REDACTED]

[REDACTED]
[REDACTED]

I was also hoping I could explore a few questions with you about who to speak with at NDIA re Chronic Fatigue Syndrome (ME/CFS). I've been searching around for a little while now to find someone who has familiarity with developing the criteria for access to NDIS for ME/CFS patients. We are developing a new national guideline and as part of this we have been made aware of patient concerns regarding graded exercise therapy.

We have a few questions for our understanding on the process and are curious to know more so that we can develop new guidance that is useful for all. It would be helpful to understand what sort of information NDIA use to set access criteria.

I would be most grateful if you can connect me with someone who can help in that regard if you have any leads.

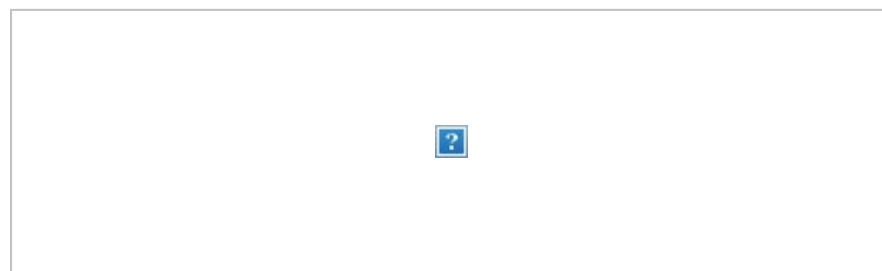

Thanks so much
