When the Twist Creek Rd land came up for sale, we paid for a report so that we could look at blue sky thinking development, potentially with Ausnet Services and NE Water. This was before I thought of going on Council and since becoming a councillor there has not been any other action. None-the-less, I was included in the payment for the report and therefore have a conflict of interest in terms of the planning amendment. > I will be absenting myself from this vote and will raise my conflict of interest at the briefing beforehand.
